- Locate the 'Sign in with Login.gov' button on the login page and click it to begin the authentication process.

3. Sign In with LOGIN.GOV

Fill out the required fields:

- ✓ You will be redirected to the Login.gov authentication page. Enter your Login.gov email address and password, then click Submit.

The screenshot shows the login interface for the IMS Service Portal. At the top, there is a header with three icons: a person, a shield, and a document. Below this, a message states: "IMS Service Portal is using Login.gov to allow you to sign in to your account safely and securely." There are two buttons: "Sign in" and "Create an account". Below these is a section titled "Sign in for existing users" with a message: "First time here from IMS Service Portal? Your old IMS Service Portal username and password won't work. Create a Login.gov account with the same email used previously." There are two input fields: "Email address" with the value "uitest@gmail.com" and "Password" with masked characters. Below the password field is a checkbox labeled "Show password". At the bottom is a large blue "Submit" button.

IMS Service Portal is using Login.gov to allow you to sign in to your account safely and securely.

4:Complete the Authentication

The screenshot shows the Login.gov authentication interface. At the top, there are logos for 'LOGIN.GOV' and 'iAMS Service Portal'. The main heading is 'Enter your authentication app code'. Below this, it says 'One-time code' with an example '123456'. There is a text input field for the code. Below the input field is a checkbox labeled 'Remember this browser'. A warning message states: 'Select this to skip authentication on supported sites. DO NOT select "Remember this browser" if you are on a public or shared device.' A blue 'Submit' button is positioned below the checkbox. At the bottom, a note reads: 'Enter the code from your authenticator app. If you have several accounts set up in your app, enter the code corresponding to Login.gov.'

LOGIN.GOV iAMS Service Portal

Enter your authentication app code

One-time code
Example: 123456

☒ Remember this browser

Select this to skip authentication on supported sites. **DO NOT** select "Remember this browser" if you are on a public or shared device.

Submit

Enter the code from your authenticator app. If you have several accounts set up in your app, enter the code corresponding to Login.gov.

Authentication Code

After submitting your credentials, Login.gov will prompt you for a verification code. Retrieve the code from your preferred authentication method (Authenticator App, SMS, Voice Call, Security Key, or Backup Codes) and enter it to continue.
